

**INFORMATION PACK
FOR
2020 CATTLE EXHIBITORS**

WELCOME TO INTERNATIONAL DAIRY WEEK

Australia's Premier Dairy Event

This information pack contains:

- *Welcome Letter*
- *Program of Activities during IDW 2020*
- *On Site Supplies*
- *Church Service & Welcome BBQ*
- *Best Exhibitor Stall Awards*
- *Show Rules & Regulations*
- *IDW Code of Show Ethics*
- *Emergency Evacuation Procedure*
- *Contact List*
- *Shed Allocations*
- *Map of Tatura Park*

General Behaviour Requirements:

Exhibitors are reminded that IDW is a family friendly environment and we implore and ask all Exhibitors and their crews to respect and adhere to this. We will not tolerate unacceptable behaviour and will ask everyone stays aware to ensure the safety and security of all attending IDW. Ultimately this will ensure a fun week for all concerned. In particular exhibitors are asked to adhere to noise requirements – music being played within stalls or the camping ground should be turned to very low or off between the hours of 10.00 pm and 7.00 am each day. IDW has security guards patrolling during the evening and if they ask exhibitors to turn stereos off or down we expect this action to be taken. There will be no warnings given to Exhibitors who disrespect these rules. We will ask you to leave the grounds immediately if such behaviour is reported.

The week can be challenging with sleep and catching up with friends. We remind you all of the need to be safe whilst driving to and from IDW or whilst working with animals. Please make sure you act responsibly for your own well-being and for those around you.

How to Stay in Touch:

Stay in Touch. We will be use social media – Facebook during IDW.

Livestreaming of all Shows:

If you have friends and family that cannot get to IDW, tell them to watch via livestreaming on www.internationaldairyweek.com.au or www.holstein.com.au.

St Johns Ambulance:

Will be on site from Friday 17TH of January adjacent to Wilson Hall.

Welcome to IDW 2020:

On behalf of the IDW Committee I am delighted to welcome each and every one of you to Australia's International Dairy Week 2020. If you are showing for the first-time, I look forward to meeting you.

Thank you again for your tremendous support of IDW. Without your cattle and assistance we would not have the world class shows that makes Australia's IDW.

In this booklet you will find shed locations and other important information as you prepare to arrive at IDW.

Obviously as we write we are feeling the impact of the bushfires and our thoughts and prayers are with those affected. I would ask that you ensure any of your team who suffers from asthma and other breathing difficulties to come prepared. Obviously air quality is being impacted with smoke. St John's Ambulance will be on site daily from Friday 17th of January to Thursday 23rd of January from 9.00 am to 5.00 pm.

You will also find details in this booklet of a joint initiative to support the Salway Family and also other farmers impacted by the bushfires. I hope you can support this fantastic initiative. IDW will direct gate takings towards this fund.

During the week our committee aims to provide a variety of activities, from shows, trade and machinery displays, networking functions, seminars, cattle sales, tours and many more activities. We ask that you spend some time supporting each of these events as each are valuable in their own right.

We also recognise that the event is one we encourage children to come and enjoy hence the inclusion of activities specifically for them.

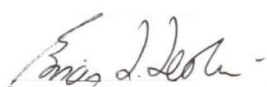

I believe IDW has become an important week in the Australian dairy industry calendar. It is a week where friends can catch up and new friends can be made. We are very conscious that we need to ensure the safety of all present at IDW so I would ask each of you as you participate in the week in a respectful and responsible manner.

We will be livestreaming the action from the showing so please encourage all your family and friends to log on and watch via www.internationaldairyweek.com.au or www.holstein.com.au.

IDW does not only happen without the amazing support of our sponsors, machinery exhibitors and cattle exhibitors – but there is also a tremendous team working around these groups – The Tatura Football & Netball Club, Tatura Rotary Club, Chris King and the team from Bourke Hire, Matt Langley and his team of electricians, and there are many others.

If you have any questions please do not hesitate to call either myself (0418 365 934), Robyn (0418 656 082) or Scott (0407 325 713).

Welcome, enjoy and I look forward to seeing you all.

Brian Leslie
On behalf of the IDW Committee

PROGRAM of EVENTS

SUNDAY January 19, 2020

9.30 am	Non-Denominational Church Service and Morning Tea	Blackmore & Leslie Complex
12.00 pm	Holstein Australia Victoria Youth Challenge Trials	Blackmore & Leslie Complex
3.00 pm	VASA State Junior Judging Final	Blackmore & Leslie Complex
6.00 pm	Welcome to IDW BBQ	Wilson Hall

MONDAY January 20, 2020

8.00 am	ABS Australia/Ridley All Breeds National Youth Show	Blackmore & Leslie Complex
9.30 am	IDW Seminars	The Ballantyne Complex
3.00 pm	The IDW Youth Showmanship Classes	Blackmore & Leslie Complex

Global IMPACT

SUPREMACY

JERSEY

Australia

IdW

a u s t r a l i a

FUNDRAISER AT IDW 2020

The Global Impact Supremacy & Jersey Australia with the support of International Dairy Week would like to announce the establishment of a fundraising drive to support the Salway Family along with others farmers affected by the devastating fires currently in Australia.

At the commencement of the Global Impact Supremacy Sale on Tuesday 21st January a Casino pregnancy (due July) x Lightning Ridge Tequila Fernleaf VG87-2yrs will be auctioned. 100% of all proceeds from this lot will be donated to the Salway Family. Rob and Patrick were loved members of the Jersey community who tragically lost their lives during this bushfire season. This consignment has kindly been donated by Frank & Diane Borba, Callum Moscript and Declan Patten.

With the support of Dairy Livestock Services and Elite Livestock Auctions (Elitelivestockauctions.com.au) we will also be running a Silent Auction beginning Sunday 19th January and concluding Thursday 23rd at 1:00pm.

All funds raised will be distributed 50% Salway Family and 50% Dairy Industry Bushfire Relief Support. For those who simply wish to make a cash donation we have set up a charitable account with NAB Agri business.

Payments can be made to, Account: 2020 Bush Fire Support BSB: 083-894 and Account 49-781-1553.

Thank you to the businesses who have kindly donated goods and services to our silent auction. If you are interested in becoming involved please contact Declan on 0499 949 292 or declanpatten@hotmail.com and Glen Barrett on 0418 466 371 or glen.barrett@jersey.com.au. This is our opportunity as a community to make a significant impact to those who have lost so much. Thank you for your support.

IDW CHURCH SERVICE SUNDAY 19TH FROM 9.30 AM

Dear Friends,

It seems like Dairy Week is upon us before we know it!

As we look back over the year just gone, it has been a year of challenge in so many areas in our agricultural industries and in our personal lives as well. In a world where there is so many challenges and things that we have to face, we all need encouragement and hope for the future, none less than farmers!

This year we have Jamie Wood, who owns and operates Hays International, as our guest speaker. Jamie shared with us several years ago and we look forward to what he will share this year.

We will also interview Brad Cullen and discover what his faith means to him as a leading Cattle Photographer.

So can we encourage you to come and join us to explore where God may be seen in the midst of all the uncertainties of our lives. I encourage you not to miss this opportunity. Church may be somewhat foreign to you but you may be surprised when you come, what you may experience. You will be made to feel welcome.

This event will be held in the main judging area from 9:30 to 10:30 am. Light refreshments will be served afterwards. If you have any questions, please do not hesitate to contact us.

We would like to say thank you to Brian Leslie and Robyn Barber for their support. We trust that this Dairy Week will be a significant one to every person involved.

Sincerely,

John and Cherie Gardiner
AVONLEA HOLSTEINS

IDW WELCOME BBQ – SUNDAY 19TH FROM 6.00 PM

Leading Edge Genetics are proudly sponsoring the Welcome BBQ for Exhibitors on Sunday 19th January 2020 at Wilson Hall, Tatura Park. From 6.00 pm bring the family - BBQ sausages, hamburgers, salad provided. Drinks available at bar prices.

Thanks to Brad Aitken and [Leading Edge Genetics](#).

FOR THE KIDS

There are a number of activities for the kids, remember:

- The Show Ring will be open for leading practice on Saturday 18th – from 1.00 pm to 3.00 pm
- The Tatura Pool will be open for swimming all throughout IDW – some free passes will be available
- Merv Hughes, cricket legend will be on site at Tatura Park on Wednesday 22nd January.

BEST EXHIBITOR STALL AWARDS

Exhibitors are reminded that two awards will be presented for the best looking and kept cattle display area during IDW.

The categories are:

Best Exhibitor Area – 5 head and under

Best Exhibitor Area – 5 head and over

\$500 will be presented to each winning exhibitor.

Exhibitors will be judged on cleanliness of stall; signage; team presentation.

IDW SHOW RULES & REGULATIONS

IDW is one of the premier dairy cattle shows in the world. As an elite show, it has the responsibility to maintain a first-class image of fairness and ethics in its shows. The following rules and regulations apply to all exhibitors unless an exception is given by IDW organizers. Any violation of the IDW Rules & Regulations and Show Code of Ethics will result in disciplinary action being taken by organizers. The right is reserved by IDW organizers to amend or add to these rules at any time. Organizers also reserves the final and absolute right to interpret the rules and regulations of the show, and will arbitrarily settle and determine all matters, questions or difference regarding the show.

1. ENTRY INFORMATION

1.1. ENTRY FEES

Entry fees consist of two parts; entry fee and bedding. The entry fee per animal entered is \$35.00 per class per show. The bedding per animal entered is \$50.00 per head. If the same animal has been entered in multiple classes, the bedding is only paid once.

1.2. LATE ENTRY FEES

The fee for a late entry (able to be entered up until 60 minutes prior to the commencement of judging for that breed/day) is \$120.00 per head. This includes bedding.

1.3. ENTRY FEE REFUND POLICY

Entry fees will only be refunded up to one month (30 days) prior to the Show commencing. After that time no refunding of entry fees will be made to exhibitors who enter animals, but do not show.

All statements provided by exhibitors in making entries in regard to registry, age, pedigree, veterinary treatments etc. are deemed to be true and correct by IDW organizers. Verification from a third party may be requested if required.

1.4. LIABILITIES

Every precaution will be taken to properly protect animals and exhibitors at IDW. Organizers, however, will not be liable for the safety of animals, exhibitors or their employees, or for losses sustained because of robbery, damage by fire, accident or any other cause.

1.5. INSURANCE

All exhibitors are required to provide statements outlining livestock insurance. Any insurance of livestock will be conducted by the exhibitor.

1.6. REGISTRATION CERTIFICATES

All animals brought to IDW must be accompanied by a recognized breed registration certificate. Registrations will be checked by stewards and failure to present the registration certificate for any animal may result in that animal not being permitted to show.

1.7. NATIONAL HEALTH STATUS AND BJD ASSURANCE SCORE DECLARATION

All exhibitors are required to complete required health status declarations prior to arriving at IDW. These declarations will be checked by IDW and failure to complete the declaration may result in that exhibitor not being permitted onto the grounds.

1.8. CODE OF CONDUCT

IDW organizers expect all exhibitors and any employees or representatives tending to their animals, to behave in a manner that is courteous, respectful and patient at all times when dealing with fellow exhibitors. If any exhibitor is found to have committed a minor misconduct, IDW organizers have the option of a verbal warning, or an immediate removal from the grounds depending on the severity of the misconduct. IDW have a code of conduct which all exhibitors and their representatives must abide by at all times.

2. ANIMAL INFORMATION

2.1. ANIMAL SIGNAGE

Exhibitors are encouraged to display each animal's official name on signs above the cattle. Signage must be hung within the assigned stalling area and may not be hung on the outside or entryway of buildings/tents. They should not obstruct walkways or emergency access areas.

2.2. STALLING

Shed allocations shall be assigned by stewards on the basis of health status and exhibitor requests. Please note that not all exhibitor requests can be fulfilled due to health regulations and shed size. The shed allocation and site map will be provided in January, a week prior to the show, and will be accessible via the IDW website. If you have any problems concerning your shed allocation, please visit the IDW office on arrival. Please note that any requests to be stalled next to each other must have all parties in agreement.

2.3. TRASH DISPOSAL

It is absolutely mandatory that all trash be deposited into the trash containers provided.

2.4. STALL AND SITE CLEANLINESS UPON DEPARTURE

It is absolutely mandatory that all rubbish and waste be removed from stalls prior to departure from IDW. Any wire, hooks, nails must be removed and taken away. Any furniture used on the site must also be taken away. IDW does not have the equipment to move used couches off the site at the conclusion of IDW. Stalls and exhibitor space must be left in the condition as found when first entered.

2.5. ARRIVAL AND CHECK-IN OF ANIMALS

Exhibitors may bring animals to Tatura Park on the Thursday prior to IDW commencing and must depart by the Friday following unless agreed otherwise by the IDW Committee. It is a mandatory standard at IDW that all animals are NLIS scanned on arrival and departure.

2.6. MILKING FACILITIES

Milking facilities are provided on the grounds for all exhibitors. These facilities are managed by volunteers and Exhibitors are to ensure volunteers are treated with respect at all times.

2.7. BEDDING

Bedding for stalls is provided by IDW. We ask that you are considerate with the amount used during the week, as the fee charged to exhibitors upon entry does not cover all bedding used.

2.8. BEDDING DISPOSAL

All used bedding is to be deposited into the proper collection areas for hauling. Exhibitors are to provide their own wheelbarrows for collecting used bedding. Failure to properly dispose of used bedding may lead to disciplinary actions.

2.9. VETERINARY SERVICE

The official veterinary service at the grounds is provided by Tatura Veterinary Service. Veterinarian and assistants will be accessible to exhibitors for treatment of animals. Charges will be made to the exhibitor for such services.

2.10. FEED SUPPLIERS

Feed and additional bedding supplies including hay, straw, oats and grains will be provided on grounds by Hunters Tatura, a third-party provider. Charges will be made to the exhibitor, by the provider, for such services. Any accounts must be finalized by exhibitors prior to leaving IDW.

2.11. SHOW SUPPLIES

Show supplies will be provided on grounds by The Cattle Shop, a third-party provider. Charges will be made to the exhibitor for such services.

2.12. HOOF TRIMMING

Hoof trimming services will be provided on grounds by Bolton Hoof Trimming. Charges will be made to the exhibitor for such services.

2.13. ANIMAL CARE

Exhibitors are at all times required to give the necessary personal attention to their animals and equipment.

2.14. PARKING

Please comply with all 'No Parking' and other posted safety regulations. Fire lanes around each shed must be kept open. Exhibitors are required to park all trucks and vehicles on the southern side of the showgrounds. Please refer to signs. Please also keep in mind when parking vehicles that cattle will be walked on the road separating Wilson Hall from the Camping Area. Vehicles parked alongside this roadway do so at their own risk.

2.15. CATTLE WASHING

Cattle washing must be done in designated washing bays, as they are drained to sanitary sewers to comply with council health requirements. Please be considerate to exhibitors preparing cattle for that days judging.

3 SHOWING INFORMATION

3.1. APPENDIX REQUIREMENTS

Only animals from a registered dam and sire within the breeds respected herd book are eligible for entry. Holsteins and Jerseys must be of Appendix 3 or above.

I. 3.2. DRESS CODE

All leaders are required to wear whites or breed uniforms when leading animals in the ring. Hats or caps not supplied by IDW will not be allowed. Apparel cannot list farm name or any other advertising. Violators will not be permitted to enter the ring. Whites must be appropriate for showing standards, shoestring strap tops are not acceptable, and pants/jeans must be full length and have no holes. Boots must be worn as footwear, thongs or open shoes are not permitted.

3.3 LEADERS/HANDLERS

Any person leading an animal at IDW must be a minimum of 8 years of age as of opening day (Sunday) of IDW. No child under 8 will be allowed to enter the show ring. Only one person is allowed at the halter. IDW stewards may, at their discretion, provide some assistance to young leaders if they are in need of assistance in the Show Ring.

3.4 YOUTH SHOW AGES

Exhibitors leading animals in the ABS Australia/Ridley All Breeds National Youth Show, must comply with the age classification for senior and junior leaders. A senior leader is aged between 16 and 20 on the day of the show, and a junior leader is aged between 8 and under 16 on the day of the show.

3.5 SHOW HARNESES

All animals must be led in the show ring with an official show harness of black leather with the exception of a deep red halter for the Illawarra breed.

3.6 CLASS TRANSFERS

For the Breed Shows, animals may be transferred between classes for the following reasons, (1) date of birth entered wrong on entry (only at the discretion of IDW organizers), (2) dry to milk, and (3) milk to dry. The transfer must be made 60 minutes prior the beginning of the days showing at the IDW office and may incur a late entry fee penalty.

3.7 YOUTH SHOW TRANSFERS

Animals may be transferred from one senior leader class to another senior leader class, and one junior leader class to another junior leader class. Animals may NOT be transferred between a senior class and a junior class, or the reverse. Any changes must be made 60 minutes prior to the Youth Show judging at the IDW office.

3.8 CHANGING YOUTH SHOW LEADERS

Youth Show leaders may be changed only if they are in the same age group, senior or junior. Please refer to Youth Show Ages section for clarification. Any changes must be made 60 minutes prior to the Youth Show judging and the IDW office advised.

3.9 SHOW RING NUMBERS (HAT TAGS)

Each individual animal or group will be allocated a show ring number, called a hat tag. Each entry will be issued with a hat tag number, which must be displayed in the leader's hat when the animal or group is in the show ring. All hat tags must be picked up and returned to the IDW office. A \$20.00 fee will be charged to the corresponding exhibitor for missing hat tags.

3.10 PREMIER BREEDER DEFINED

The exhibitor winning the most points in overall classes exhibited by themselves and/or other exhibitors, shall be designed the Premier Breeder. No points are given for group or champion classes. Point system is:

For Dry Classes (Holstein/Jersey/Illawarra) - 1st 10 points, 2nd 9 points, 3rd 8 points, 4th 7 points, 5th 6 points, 6th 5 points, 7th 4 points, 8th 3 points, 9th 2 points and 10th 1 point.

For Dry Classes (Ayrshire/Brown Swiss/Guernsey) - 1st 10 points, 2nd 9 points, 3rd 8 points, 4th 7 points, and 5th 6 points.

For Milk Classes (Holstein/Jersey/Illawarra) - 1st 20 points, 2nd 19 points, 3rd 18 points, 4th 17 points, 5th 16 points, 6th 15 points, 7th 14 points, 8th 13 points, 9th 12 points and 10th 11 points.

For Milk Classes (Ayrshire/Brown Swiss/Guernsey) - 1st 20 points, 2nd 19 points, 3rd 18 points, 4th 17 points, 5th 16 points, and 6th 15 points.

3.11 PREMIER EXHIBITOR DEFINED

The exhibitor winning the most points which he/she owns and exhibits in overall classes, shall be designated the Premier Exhibitor. No points are given for group or champion classes. Point system;

For Dry Classes (Holstein/Jersey/Illawarra) - 1st 10 points, 2nd 9 points, 3rd 8 points, 4th 7 points, 5th 6 points, 6th 5 points, 7th 4 points, 8th 3 points, 9th 2 points and 10th 1 point.

For Dry Classes (Ayrshire/Brown Swiss/Guernsey) - 1st 10 points, 2nd 9 points, 3rd 8 points, 4th 7 points, and 5th 6 points.

For Milk Classes (Holstein/Jersey/Illawarra) - 1st 20 points, 2nd 19 points, 3rd 18 points, 4th 17 points, 5th 16 points, 6th 15 points, 7th 14 points, 8th 13 points, 9th 12 points and 10th 11 points.

For Milk Classes (Ayrshire/Brown Swiss/Guernsey) - 1st 20 points, 2nd 19 points, 3rd 18 points, 4th 17 points, 5th 16 points, and 6th 15 points.

3.12 INTERBREED COMPETITION

Exhibits who win Junior Intermediate and Senior Champion awards must stay to compete in the Interbreed Competition held on the final day of IDW.

3.13 DRUG SAMPLES & TESTING & MEASUREMENT OF TOP LINES

Rules and Regulations on drugs samples and testing is contained within the IDW Code of Ethics.

Testing of all entries for the measurement of top lines will occur to ensure they do not exceed 3.8 cm or 1.5 inches before competition. IDW firmly believes that education and awareness is the key to ethical presentation of animals. So that exhibitors can comply with top line measurement requirements each exhibitor will be issued with an appropriate measuring tool.

3.14 PRIZE MONEY

Prize Money is only to be received by exhibitors only after any missing hat tags have been returned or outstanding payments have been received and verified. Please allow up to 6 weeks after the conclusion of IDW for prize money to be paid into accounts.

3.15 CODE OF ETHICS

The IDW Code of Ethics outlines regulations around preparation and presentation of animals; unethical practice in showing and exhibition and Exhibitor responsibilities.

4. ENFORCEMENT PROCEDURES

4.1 MONITORING

IDW organizers and stewards will be responsible for monitoring violations of the IDW Rules & Regulations and the IDW Ethics by exhibitors and their representatives.

4.2 COMPLAINTS

Complaints of alleged violations may be presented to the IDW organizers or stewards. The identity of the animal, owner and/or other involved parties will be kept confidential during the process.

4.3 DRUG TESTING

Any animal found in violation of IDW Code of Ethics will not receive any class prize money and will be required to return any ribbons and/or trophies. If the individual, the exhibitor, their representative and/or the animal is guilty of repeating a major violation, they could be barred from participating at IDW for life.

5 EXTREME HEAT PROCEDURES

WHAT IS EXTREME HEAT?

Extreme heat is defined as a temperature of 45 degrees or higher. If predictions for extreme temperatures are reported by the Bureau of Meteorology for the week of IDW, then IDW organizers and stewards will be responsible for enforcing one or more of the following procedures to ensure the safety and comfort of all at IDW.

SHOW TIMES

If in the case of extreme heat, IDW organizers may change the times of any events held during IDW. Cattle Shows will commence at an earlier time of 7.30 am and break at no later than 1.00 pm. Shows will re-commence at 6.00 pm and be held through the evening until completion of judging. It is possible that a show or classes will be cancelled if the safety of animals is at risk.

WATER FACILITIES

Additional temporary wash bays will be established by IDW for use by Exhibitors. Spray & mist bays will also be established, and additional water troughs placed around IDW for animals to drink from.

6 EXHIBITOR FACILITIES

6.1 DINING

Tatura Park will be set up with casual and semi-formal meal facilities at Wilson Hall and the Ballantyne Centre respectively. These will be open prior to IDW commencing and will close on the Friday of the IDW week. Exhibitors may set up an account for their time at IDW, but payment must be finalized prior to leaving. EFPTOS facilities are available for settling accounts.

6.2 CAMPING

Temporary camping facilities, powered and unpowered sites, will be constructed for use by IDW patrons. Caravans are also available for hire. The caravans and camping site will be managed and co-ordinated by an external independent party. Bookings will be taken prior to IDW and all accounts must be settled prior to leaving IDW. Once the campsite is full, a waiting list will be established. Camping Management will be present during IDW and will regularly patrol the camping area. Any patrons seen to be unruly or disrespectful in behavior may be asked to leave by the Camping Manager.

Exhibitors also need to be mindful that children will be playing within this camping area and should proceed with caution if moving vehicles or stock. Exhibitors are encouraged to ensure children play in areas where cattle movement is not permitted.

6.3 SECURITY

Security guards will patrol the grounds at Tatura Park. However, exhibitors are encouraged to lock any valuables up as the grounds are quite extensive.

6.4 LOST PROPERTY

Lost property should be handed into the IDW Office. Announcements will then be made to search for the owner.

6.5 SHOWERS & TOILETS

Showers and toilets will be provided in two locations during IDW. Please keep these as clean and tidy as you can. Please also be mindful that water pressure and temperature will vary with larger number of users and this may be challenging at peak times. They will be professionally cleaned every day. Exhibitors should report any concerns to the IDW Office.

6.6 CONDITIONS OF HIRE OF TATURA PARK

There are a number of conditions by which IDW and all participating must adhere to. These include:

Transport vehicles must not be parked onsite in a position which blocks access to any of the facilities, especially for emergency vehicles. It is recommended vehicles are parked in a designated area and around the perimeter of the facility

All electrical equipment, appliances or leads used by anyone entering the site (including exhibitors, campers, trade displays etc) must bear a current appliance test tag as affixed by a qualified electrician before they can be used onsite

Temporary structures or marquees are not permitted to be erected without appropriate approval and permits. Camping is permitted only in the approved areas. All exhibitor facilities must maintain a 10-metre clear access to all fire hydrants on site.

6.7 Blackmore & Leslie Events Complex

No Smoking is permitted, and no glass is allowed within the complex. Any temporary structures built inside the complex require a temporary structures permit. No signs, banners or other fixtures are to be erected without the prior consent of Management. No pegs or other objects are permitted to be driven into the arena surface. No straw or hay is allowed in the complex and all manure must be removed from the arena on a regular basis during the event. All emergency exits must be kept free from obstructions and access to all fire hose reels and extinguishers must be maintained at all times.

6.8 Cattle Pavilions

IDW leases the facilities from The City of Greater Shepparton and as such the following regulations apply to the sheds that house cattle at Tatura Park:

- No smoking or camping permitted in these areas.
- No camp kitchens are permitted within these areas.
- It is the responsibility of the event organiser to ensure all areas are cleaned at the end of the event with bedding emptied into the designated collection points.
- Straw is permitted to be used as bedding, however it must be taken to designated disposal points.
- A wheelbarrow must be used for collection and removal of straw.
- Noise particularly radios and stereos to be kept to a minimum after 10:00 pm for the comfort of other exhibitors and Tatura neighbours.
- Clean stalls of all rubbish including breeding cards, twine, food bags and other debris etc.

6.9 IDWlive – Show Action

Exhibitors may pay to have a livestream of IDWlive within their stall. IDW take no responsibility for security of screens. The key requirements are:

- \$44 per TV point, inc GST. Must be paid prior to installation
- The stall holder to supply a compatible TV (MP4 format); a TV remote control to tune into the IDWlive frequency; and supply their own tested power leads/power boards
- Have the TV setup with power by no later than Sunday 12 noon to tune into IDWlive.

IDW CODE OF ETHICS

IDW is one of the premier dairy cattle shows in the world and is the largest in Australia. As an elite show, it has a responsibility to maintain a first-class image of fairness and ethics in its dairy show and sales. IDW adopts the All Dairy Breeds National Show Ring Code of Ethics which is documented below.

Additionally, IDW has a Show Ethics Committee (SEC) in place consisting of one representative from each breed society, two IDW stewards and one IDW Director.

IDW reserves the right to amend or add to these rules at any time. IDW also reserves the final and absolute right to interpret the rules and regulations of the show, and will arbitrarily settle and determine all matters, questions or difference in regard to IDW Shows.

1 Show Ethics Structures

There are several related bodies that have an interest in ensuring the ethical showing of registered Dairy Cattle. The diagram below highlights these bodies.

2. Breed Societies

Breed Societies are responsible for maintaining their own rules and regulations regarding the code of conduct for showing Dairy Cattle. These rules and regulations generally include penalties and rights of appeal for their individual members.

3. International Dairy Week and Show Societies

There are various regular events such as International Dairy Week ("IDW"), local shows, state shows, Royal Shows and Exhibitions ("Shows") that have rules and regulations governing the showing of Dairy Cattle, generally including penalties and rights of appeal for exhibitors. This COE does not supersede but rather augments these existing rules and regulations. It is not the intention that this COE to take precedence over existing IDW or Show Societies rules and regulations however in the absence of such rules and regulations the COE applies.

4. Show Ethics Committee

This COE anticipates that each show should have a Show Ethics Committee (SEC). The make-up of this committee should include official breed representatives, representative(s) of show management (e.g. dairy cattle show superintendent, General Manager or event organiser), the official show veterinarian or other show or event official.

The SEC will be responsible for monitoring violations of the COE. The SEC will investigate the report of any violation and determine the accuracy of the allegation. The SEC will have the authority to inspect animals and related material to determine if violations have occurred. The SEC will have the authority to apply penalties at the level of the show where the violation occurred.

5. All Dairy Breeds Show Ring Committee

Breed Societies have jointly and severally agreed to establish a standing committee known as the All Dairy Breeds Show Ring Committee (ADBSRC) that has responsibility for the development, regulation and enforcement of this COE. The ADBSRC has developed this COE not to supersede but to augment existing Breed Societies rules and regulations. The ADBSRC has approved and endorsed this COE. The ADBSRC calls for the code to be enforced by all Breed Societies, show societies, event organisers and participating official show veterinarians at shows and exhibitions throughout Australia including all states and territories.

The ADBSRC shall be responsible for the co-ordination and review of the COE. The ADBSRC shall be responsible for the co-ordination and review of the COE. A review will occur annually and the ADBSRC may amend the COE as it

deems necessary, subject to consultation with all interested parties and the review report made available for all Breed Societies in an electronic format by access to a website specific to the ADBSRC. The ADBSRC will have the authority to assign penalties for violations of a serious nature, which involve bans from multiple shows.

See section 3 for Enforcement Procedures

2 Exhibitor Responsibility

The act of entering an animal in a livestock show is the giving of consent by the owner or lessee, exhibitor, fitter and/or the absolutely responsible person ("Responsible Party") for the animal to the SEC to approach, investigate or enquire as to the preparation of the Dairy Cattle for exhibiting. This includes consent to inspect, examine or collect any specimens of urine, saliva, blood, milk, or other sample from the animal to be used for the purpose of testing. Information may also be collected by ultrasound and photographic methods and by direct examination of animal.

The act of entering Dairy Cattle in a livestock show is the giving of consent by the Responsible Party to disciplinary action for any violation or violations of this COE determined in the absolute discretion of the SEC, management and/or the appropriate Breed Societies and/or the ADBSRC.

The onus is on the Responsible Party to ensure all Show entry forms are completed without false or misleading information and by signing the Show entry form they agree to be bound by the declaration, warranty and waiver described in the Show entry form.

3 Practices and Procedures

This code of ethics includes:

- 3.1 Allowed practices
- 3.2 Proscribed practices
- 3.3 Testing and detection methods
- 3.4 Penalties
- 3.5 Enforcement Procedures

3.1 Allowed Practices

Dairy cattle exhibitions are conducted under standards for evaluating conformation established by various Breed Societies with specific breed characteristics taken into consideration by the show judge.

In this connection, animals will be groomed and prepared for the Judge's evaluation in order to display the animal's natural contour, conformation, performance and mobility.

Specifically:

- (a) External applications of cosmetics that affect only appearance may be used, including hoof polishes, hoof trimming, glitter, hair products on the top line and other areas of the animal.
- (b) Fake switches are permitted.
- (c) Teat sealing is permitted but the practice is not encouraged.
- (d) The use of udder treatments is allowed provided the product is registered for use on cattle within the Commonwealth of Australia excluding electrical appliances used for stimulating the teat and udder.
- (e) The following allowed practices require an Exhibitor Declaration (see appendix) to be completed and returned to the head Steward (or other show official as appointed by the SEC) BEFORE an animal is allowed to enter the ring.
 - (i) The use of intra-uterine and intra-vaginal controlled drug release devices is allowed but exhibitors must complete an Exhibitor Declaration declaring the use of such a device and including the name of the ET technician or vet involved in the case of an ET program. Only one such device is allowable and Dairy Cattle are subject to examination.
 - (ii) The use of drugs before and during a show is allowed under certain conditions. All pharmaceuticals and nutraceuticals must be delivered according to label instructions, including dose rate, frequency of use, method of application and purpose.
 - A Drugs allowed that have been prescribed by a veterinarian based on a therapeutic need as part of an animal treatment plan and declared in the Exhibitor Declaration:
 - I Anti-inflammatories (Flunixin meglumine, Meloxicam, Tolfenamic acid, Ketoprofen, Dexamethasone)
 - II Anti-biotics, including intramammary anti-biotics
 - III Diuretics (Furosemide (INN), Frusemide)

	(BNN))
IV	Anti-histamines (Tripelemamine HCl, Chlorpheniramine maleate) V Sedatives (xylazine, acepromizine)
VI	Hormones (Oxytocin, Prostaglandin, Gonadotrophin (GnRH))
B	substances allowed without an exhibitor declaration:
I	Vitamins and minerals
II	Glucose

3.2 Proscribed Practices

The following are examples of procedures and practices that are considered to be fraudulent, unethical or detract from the proper showing and image of dairy cattle. Addition of foreign objects, including but not limited to cloth or fibre, to change the natural contour or appearance of the animal's body is prohibited.

Proscribed practices fall into two categories: major violations and minor violations.

A Major violations

Major violations fall into two categories: those that are dealt with routinely by the SEC through testing and those that are dealt with through the COE enforcement procedures as detailed in Section 3.5 herein.

(i) Major violations that will be subject to SEC testing are as follows:

- (a) Treating an animal externally including the udder, with an irritant or other foreign substance not registered for use on cattle within the Commonwealth of Australia
- (b) The use and attachment of a stimulating device and/or electrical appliance to massage or modify the teat or udder is not permitted.
- (c) Surgically or unethically inserting any prohibited chemical, drug, gas, liquid (including milk), matter or foreign substance into the udder to artificially enhance or change the natural shape or appearance of the udder. This includes, but is not limited to:
 - (i) Dextrose
 - (ii) Pure alcohol
 - (iii) Gas of any sort
 - (iv) Foam
 - (v) Silver protein
 - (vi) Silver nitrate
 - (vii) Transferring milk between quarters
- (d) Improper fitting practices, such as over filling and over bagging that causes animal pain, discomfort or walking difficulty and is validated by ultra-sound scanning detecting unacceptable levels of oedema in the udder according to the following scores.
Oedema score:
 - (i) 1 to 2: low to moderate – little or no oedema - acceptable
 - (ii) 2 to 3: moderate to high – oedema apparent - unacceptable
 - (iii) 3 to 4: high to extreme – oedema obvious - unacceptable
- (e) Using a device or product to artificially create or enhance the udder crease.
- (f) Administering an injected or applied anaesthetic to alter the carriage of the tail or other body parts.
- (g) Surgically or unethically inserting any matter or foreign substance under the skin or into any body cavity to change the natural contour or appearance of the animal's body. This includes the administration of fluids by stomach tube or other similar device unless performed under the direct supervision of the show veterinarian for medical treatment.
- (h) Manipulation of the teat by surgically or unethically inserting any object or foreign substance to alter its normal direction such as to unnaturally hold plumb or to alter its length Exhibitors have only one opportunity per show to check-in ringside and the animal will not be allowed in the ring for the duration of the show.

- (i) Use of the following drugs is NOT permitted under any circumstances before or during a show includes, but is not limited to:
 - (i) Any drug not registered for use on cattle in Australia
 - (ii) Anabolic steroids
 - (iii) Growth or milk promoting hormones other than those in 3.1.e (ii) A.
 - (iv) Diuretics and sedatives other than those in 3.1.e (ii) A.
 - (v) Amphetamines
 - (vi) Prescribed drugs without a veterinarian's label attached
 - (vii) Prescribed drugs with a veterinarian's label attached but used outside the normal time frame allowed for the use of that drug or drugs not used in accordance with the label instructions
 - (viii) Drugs used from an unmarked bottle, tube or container
 - (ix) Any drug that is illicit or illegal in Australia
- (ii) *Major violations regulated by the COE complaints procedure are as follows:*
 - (a) Mistreatment of an animal while in the show ring, show ring approaches, shed or stalls or while the animal remains within the perimeter of the show and event grounds.
 - (b) Criticising or interfering with the judge, show management or other exhibitors while in the Show ring or other conduct detrimental to the breed or the show.
 - (c) Challenging, threatening, criticising or interfering with a SEC member or volunteer appointed by show management to monitor the animals on exhibit on the show grounds.
 - (d) Misrepresenting the age or lineage/breed for the class in which it is entered.
 - (e) Failing to provide proper/accurate animal identification when asked by show ethics personnel or Show Management.
 - (f) Tampering with another exhibitor's animal.

Penalty: Major violations will be reported to the SEC and/or Show Management and can result in animals and/or exhibitors, owners, lessees, fitters or representatives being barred from future participation at shows.

B *Minor violations.*

These include but are not limited to:

- (a) Unsportsmanlike conduct on the part of show handlers, exhibitors or fitters while in the show ring, shed, stalls or show and event grounds.
- (b) Excessively manipulating top line and/or tail head hair beyond 3.80 centimetres (1.5 inches). Exhibitors have only one opportunity per show to check-in ringside and the animal will not be allowed in the ring for the duration of the show.
- (c) The top line or tail head shall only consist of naturally growing hair. The use of foreign material, imitation or artificial hair including attaching or fastening natural hair to the top line or tail head is not permitted.
- (d) Manipulation of the teat by applying any foreign substance, liquid or glue to alter its normal direction such as to unnaturally hold plum or alter its length (i.e. teat setting)
- (e) Misrepresenting the number of lactations and/or milking status of the animal for the class in which it is entered.

Penalty: Minor violations will be given slight to moderate discrimination by the judge in placing animals within the class.

Any unethical practice or procedure not listed above but reported as unethical will be reviewed by the ADBSRC, the SEC of the show involved, the Dairy Cattle Show Superintendent and the Show or Event Manager. At least two of these four will make the initial determination as to whether the conduct is unethical and if any disciplinary action is necessary.

3.3 **Testing and detection methods**

The primary principle of testing is that the animals placed first and second in each class plus two randomly selected animals will be scanned and tested in accordance with this section of the COE.

The secondary principle is that the animal should be tested after its last appearance in the ring.

This means that the animals placed first and second can be tested after their champion class *with the exception of Champion and Reserve which are tested after the Supreme class.*

3.3.1 Random testing

Random selection of animals for testing should be conducted at all shows. All in-milk animals entered in the show or event are eligible to be randomly selected for testing.

The principle to be used for random testing shall be that two random animals are selected for each in-milk class. These random animals can be selected by one of two ways:

- (a) Animals can be drawn from the entry numbers issued to all exhibiting animals by class; or
- (b) For each class, a placing can be drawn, not including 1st and 2nd which are tested in any case.

In all cases, the animals entry numbers should be randomly chosen by show management in accordance with section 3.3.1 herein by a method determined by the ADBSRC prior to the show commencing and kept confidential in a sealed envelope; one for each class. The envelopes shall remain in a secure place as determined by the SEC or a steward nominated by the SEC.

3.3.2 Judges call for testing

Judges shall have the option to call for an animal to be tested if they suspect the animal has been prepared and presented in a manner that contravenes this COE. The judge shall make the request confidentially to a member of the SEC or a steward nominated by the SEC and not directly to the exhibitor. If the SEC agrees with the judge that a violation may have occurred the animal shall be tested.

Ultrasound

Each Royal and State show is encouraged to use the services of an ultrasound machine and trained technician to detect the unethical manipulation of the udder. Exhibits required for scanning are to be presented in-milk and not milked out.

Exhibitors wishing to ultra-sound their animals prior to exhibition may do so at their own expense before entering the show ring. Exhibitors should proceed to the Ultrasound site to arrange a time that is suitable to the ultrasound testing team. Results of the ultrasound will be kept confidential and will not affect exhibition status.

Milk and blood tests

Each Royal and State show is encouraged to test both blood and milk samples of the first two place- getters in each class plus each animal in a spot (to be decided with each judge). The procedures for blood and milk sample taking and testing including the chain of custody can be found in Appendix 2.

3.4 Penalties

If a violation of the COE has been proven to have occurred and the proper enforcement procedure has been followed, penalties against the exhibitor can be enforced and may include any one, or combination, of the following:

- (a) Minor violations:
 - (i) 1st and 2nd violation: written letter of reprimand to the principal, owner or lessee, exhibitor, fitter and/or absolutely responsible person;
 - (ii) 3rd violation: disqualification of the exhibitor and/or fitter from exhibiting livestock from future local, state and national shows and competitions for 12 months from date of 3rd violation
- (b) Major violations:
 - (i) forfeiture or return of awards, prizes, premiums or proceeds;
 - (ii) disqualification of the exhibiting livestock from further competition;
 - (iii) disqualification of the exhibitor from the show;

- (iv) disqualification of the fitter from the show;
- (v) disqualification of the exhibitor and/or fitter from exhibiting livestock from future local, state and national shows and competitions for a minimum 12 months to a maximum 24 months from date of violation.
- (c) A breed society may impose penalties on its members in accordance with their own relevant rules and regulations.

NOTE: Disqualification may be in accordance with provisions of show management and the relevant Breed Society.

3.5 Enforcement procedures

- (a) A SEC should include no less than three (3) individuals including an official breed representative, a representative of show management and the official show veterinarian or, if there is no official show veterinarian, one other nomination from show management.
- (b) The SEC will be responsible for monitoring violations of the applicable Show's Code of Ethics and the COE by Exhibitors and/or their representatives.
- (c) Complaints of alleged minor or major violations must be in writing and can be presented by any interested party to official breed representatives, representatives of the show management, the official show veterinarian or to the SEC.
- (d) All complaints of alleged violations received by the above individuals will be presented to the SEC to determine investigative requirements.
- (e) The SEC has the authority to inspect all animals to determine if violations of the applicable Show's Code of Ethics or the COE have occurred.

To help in this regard, the SEC has the authority to perform the following:

- (i) measure the top line and/or tail head hair
- (ii) pull hair samples;
- (iii) draw blood samples;
- (iv) perform an ultrasound examination of the udder, prior to milk out;
- (v) perform a milk out of any individual cow or cows;
- (vi) collect and test any of the animal's bodily fluids, including milk, blood and urine;
- (vii) use any technology that may be useful in determining if a violation has occurred in any animal based on placement, random selection or suspect characteristics;
- (viii) require delivery to the SEC of hypodermic syringe, needle or other devices, swabs, cloths, or other material, or samples or any medicine, preparation, or substance, whether in liquid or other form, in the possession or control of the exhibitor, the fitter, agents or persons acting on behalf of the exhibitor for the purpose of laboratory analysis.
- (f) An individual or body corporate who is a member of an Australian Dairy Cattle Society or Association but not necessarily an owner or Exhibitor who commits a violation of the COE will be subject to the same ethics enforcement procedures and sanctions as the owner or exhibitor.
- (g) If a minor or major violation has been determined by a member of the SEC, it will inform an official breed representative and the judge of the violation of the COE or the applicable show's code of ethics.
- (h) The judge may determine if a minor violation has occurred in the show ring. The judge may consider the minor violation in the placing of the class. The minor violation will be reported by the judge to the SEC.
- (i) If a two out of three members of the SEC determine that a minor or major violation of the COE will occur if an Exhibitor shows an animal the exhibitor will be informed that the showing of the animal will be in violation of the COE and will result in a major violation of the Show's Code of Ethics and/or the COE. If the exhibitor decides not to show the animal, no violation will have occurred, except in cases where the Exhibitor will breach section 3.2
 - (ii) subclauses (a) – (f) herein relating to the mistreatment of animals and unacceptable Exhibitor behaviour where an investigation will occur regardless of whether an animal enters the ring or not.
- (j) Following the judging of the milking cow classes, the SEC or representatives will ultrasound the udders and take fluid samples from the animals placed first and second in each class plus at least one random animal in each in-milk class. Exhibitors who are selected to have fluid samples taken

from their animals will be directed to the test sampling area. Animals may also be selected by the SEC in their absolute discretion to have samples collected.

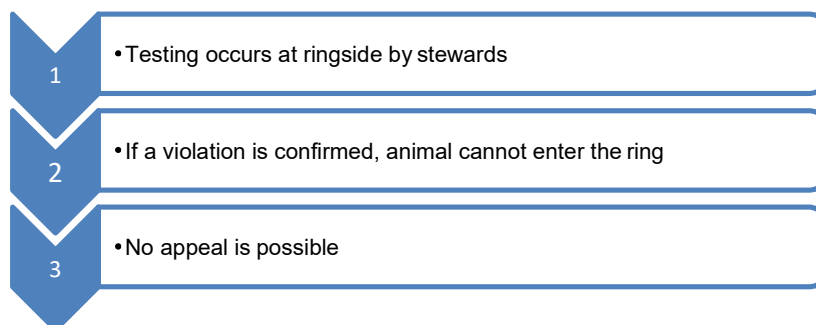

- (k) Following the completion of the Show and the evaluation of the hair measurements, ultrasound readings and upon the receipt of the fluid sample analysis (if samples have been taken) or other lab reports, the SEC will submit a report to a representative of Show management if any violations have occurred. This reporting will happen as soon as reasonably possible after the end of the show.
- (l) If evidence suggests that a violation occurred, the SEC will promptly notify the official breed representative and the accused individual(s) of the alleged violation. Copies of the supporting evidence to the extent reasonably possible will be provided to both the official breed representative and the accused individual(s). The anonymity of the accused individual(s) and/or animal will be maintained by the SEC and Show management throughout the enforcement process until any appeal has been heard.
- (m) If a major violation has been found to have occurred and breached existing Show Society or Event's rules of showing or this COE then the accused individual(s) may be subject to disciplinary proceedings, including penalties that can be imposed by the SEC in accordance with those rules. Any penalty imposed upon an exhibitor must be in writing.
- (n) If a penalty is imposed and applies only to the current show or event where the violation occurred, the accused individual(s) has the right of appeal against the decision and can apply in writing to the Show Committee or if none, to ADBSRC. An application to appeal must be made within 7 days from the date of notification that the violation has occurred. An accused individual(s) must be notified in writing and the notice is to be sent by registered post to the accused individual(s) last known address.
- (o) If the SEC determines that the penalty should apply beyond the current show or event, the matter must be referred to ADBSRC. A full report of the charges and findings, including the SEC recommendation accompanied by supporting evidence shall be sent to ADBSRC for a ruling/determination.
- (p) If a penalty is imposed by the ADBSRC that applies beyond the current show or event where the violation occurred; the accused individual(s) has the right of appeal against the determination of the ADBSRC and can apply to the ADBSRC Appeals Panel. The panel will consist of the Presidents (or Vice Presidents) of the breed societies represented on ADBSRC. Application should be made in writing to the Chair of the ADBSRC Appeals Panel within 7 days of accused person being notified of the penalty imposed. ADBSRC will notify the accused individual(s) of its ruling within 7 days as well as notify the Royal Agricultural Show Societies Dairy Cattle Committee Chair in each state, the Dairy Breed Societies represented on ADBSRC and the management of International Dairy Week of its ruling. The accused individual(s) will be notified by registered post sent to the last known address of the accused individual(s).
- (q) At the completion of the show the SEC will formally notify ADBSRC of the violation and penalty if imposed. ADBSRC shall in turn notify the Royal Agricultural Show Societies Dairy Cattle Committee Chair in each state, the Presidents of the Dairy Breed Societies represented on ADBSRC and the management of International Dairy Week of the violation.
- (r) As a result of receiving notification from ADBSRC that an Exhibitor has been found to have committed a major violation of this COE, the Royal Agricultural Show Societies Dairy Cattle Committees, the relevant Dairy Breed Society and the management of International Dairy Week may impose their own penalties on the Exhibitor in accordance with their own rules and regulations.

3.5.1 Enforcement Procedures – Decision Chain

The enforcement procedure decision chain applies only if a violation has occurred.

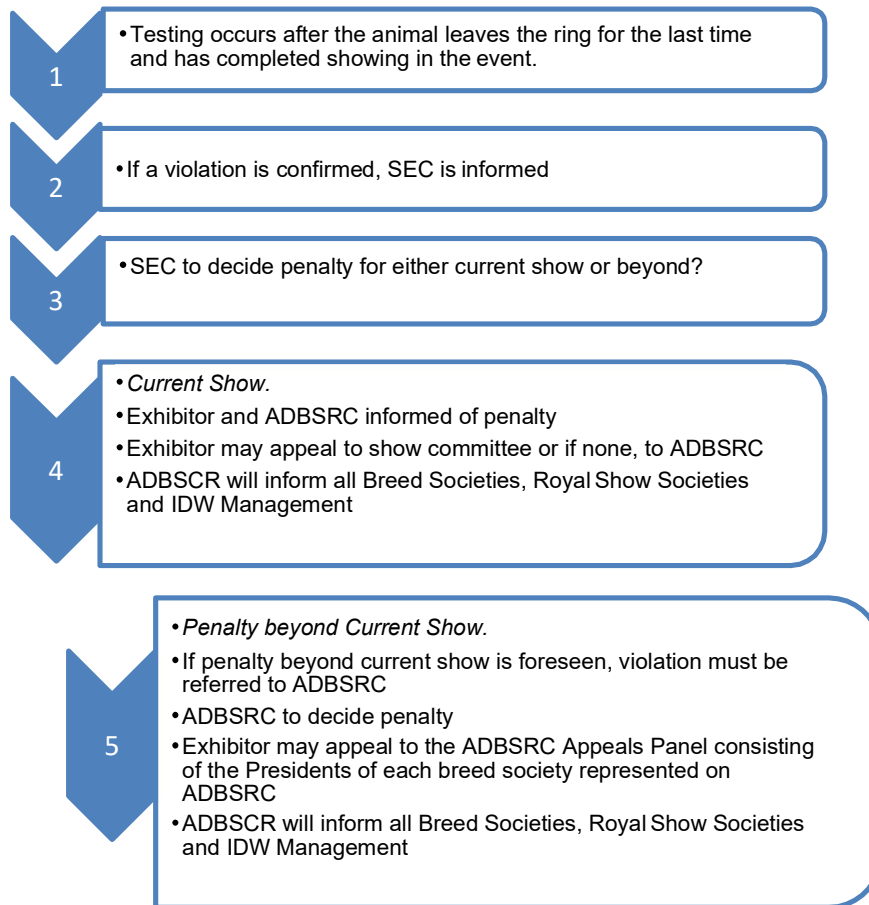

(a) Major violation arising from SEC testing at ringside.

Applies only to examination of top line and teat setting

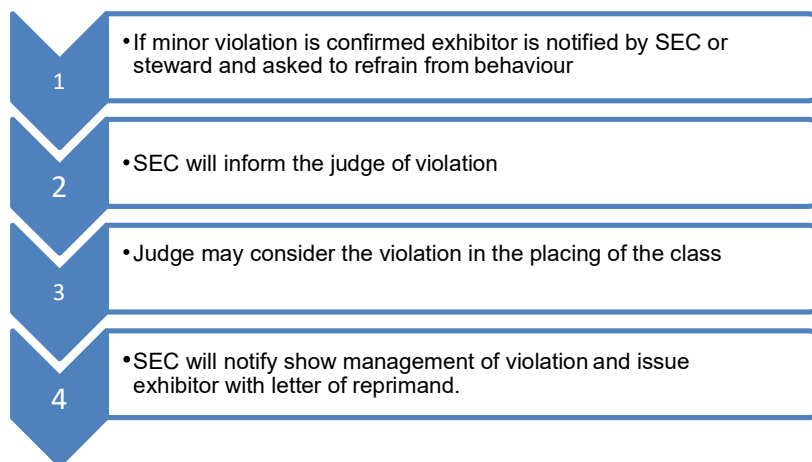

(b) Major violation arising from SEC testing AFTER showing for the last time.

Includes examination of udder by ultrasound and/or blood, urine or milk sample test

(c) Minor violation arising from unacceptable behaviour or misconduct PRIOR to and DURING judging

IDW National Ayrshire Show 2020

At the request of the Federal Committee of Australian Ayrshires Ltd, the IDW Code of Ethics is amended for 2020.

All in Milk Ayrshires will be udder scanned prior to entering the Judging ring for their respective age class.

Entries will be moved into the marshalling area once cleared by the udder scanning rules as set out below and may only enter the show ring in this manner.

Any animal to be found to be 'over filled or over bagged' to a point where oedema levels as validated by udder scanning to an Oedema Score of 2 to 3 (and above) are to be directed instantly to the dairy for milking and will be withdrawn from the Ayrshire Show prior to them entering the ring.

In addition to this over bagging rule, each cow will be visually examined prior to entering the ring for evidence of manipulation of the teat by surgically or unethically inserting or applying any object, foreign substance, liquid or glue to alter its normal direction such as to unnaturally hold plumb or to alter its length (ie teat setting). If there is a suspected violation, the Exhibitor of the animal will be given a card to return to the testing tent immediately following the class judging for further testing. If found to be in violation the entry and Exhibitor will be withdrawn from the 2020 Ayrshire Show. Ayrshire Exhibitors have only one opportunity to check in for scanning and if not present in time for checking, the animal will not be allowed into the ring for the duration of the show.

IDW EMERGENCY EVACUATION PROCEDURE

ASSEMBLY AREA 1: MAIN CAR PARK ADJACENT TO HASTIE STREET

ASSEMBLY AREA 2: GRASSED AREA BETWEEN CAMPING SITES

1. ASSESS SITUATION – REPORT TO IDW PERSONNEL AND RAISE ALARM IF IN DOUBT

***Under no circumstances are people to place their own health and safety at risk.
Assistance should be sought at all times.***

2. RAISE ALARM AND MOVE SAFELY TO THE ASSEMBLY AREA
3. IF EMERGENCY MEDICAL ATTENTION IS REQUIRED CALL THE AMBULANCE - **RING 000.**
4. ANY MEDICAL TREATMENT, OTHER THAN EMERGENCY, IS TO BE TREATED BY ON SITE OFFICERS FROM ST JOHN'S AMBULANCE.
5. AN INCIDENT/ACCIDENT REPORT IS TO BE COMPLETED AS SOON AS PRACTICABLE AFTER THE INCIDENT.
6. ONCE EVACUATION INSTRUCTION HAS BEEN GIVEN, THE EVENT MANAGER WILL ENSURE ALL EXHIBITORS AND VISITORS ARE EVACUATED BY NEAREST AND SAFEST EXIT. ALL AIR CONDITIONING AND ELECTRICAL EQUIPMENT IS TO BE SWITCHED OFF, (IF SAFE TO DO SO), AND THEN EXIT.
7. WARDENS HAVE BEEN ASSIGNED TO EACH PAVILION AND WILL DIRECT PEOPLE WHERE REQUIRED.
8. IT MAY BE SAFER TO REMAIN INSIDE BUILDINGS. THIS WILL BE DETERMINED BY THE EVENT MANAGER.
9. ONCE AT ASSEMBLY AREAS, THE EVENT MANAGER AND WARDENS WILL ISSUE INSTRUCTIONS FOR SAFE REMOVAL OF PEOPLE.

IT MAY BE NECESSARY TO MOVE TO SECONDARY ASSEMBLY AREA DEPENDANT ON WIND DIRECTION. THIS WILL BE DECIDED BY THE EVENT MANAGER.

10. THE EVENT MANAGER WILL ALERT NEIGHBOURING BUSINESSES OF THE SITUATION.
11. ONCE AT ASSEMBLY AREAS NO ONE IS TO MOVE AWAY UNDER ANY CIRCUMSTANCES UNLESS INSTRUCTED BY THE EVENT MANAGER.
12. ALL CLEAR OR INSTRUCTION TO MOVE WILL BE GIVEN AT APPROPRIATE TIME, ONLY BY THE EVENT MANAGER.
